Farm Info

Located in the heart of the Cerrado Mineiro Region, Esperança Farm boasts a rich history and unwavering commitment to excellence in coffee cultivation. Acquired by Jose Maria and his brother 30 years ago, the farm became a cornerstone of coffee cultivation in the region, establishing a lasting legacy. In 2021, under the stewardship of Deyvid, Jose Maria's grandson, Fazenda Esperança underwent a transformative shift, propelling it to new heights of success.

Deyvid's journey in the coffee industry began with hands-on experience alongside his grandfather at the age of 12. His quest for knowledge led him to Canada, where he gained invaluable insights into consumer preferences and specialty coffee markets.

Upon returning to Brazil, Deyvid immersed himself in various aspects of coffee production, focusing on post-harvest processes and quality control on the farm. His active involvement in competitions, including the Cup of Excellence, and his role as a judge provided him with profound insights into Brazil's diverse coffee profiles.
